

The topographic map displays the study area with contour lines indicating elevation. Key features include:

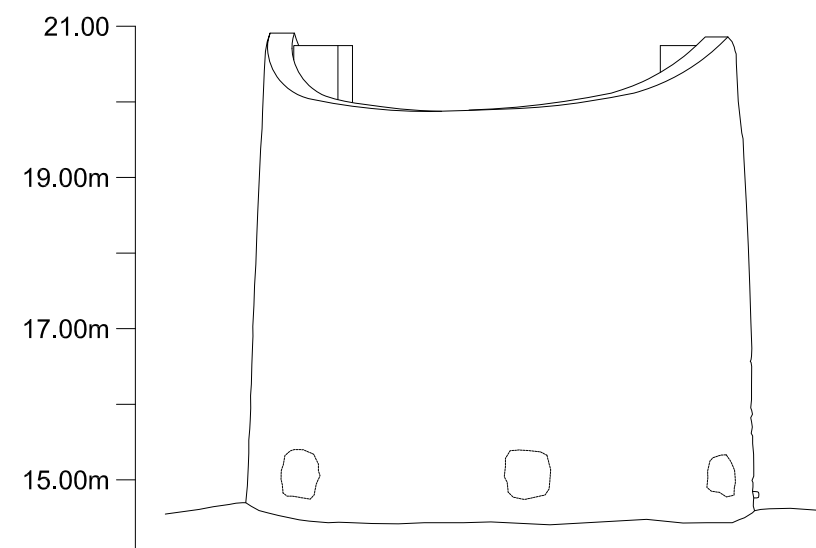

- Elevation Points (E.P.):**
 - E.P. 1:** Located in the lower right, marked with a red circle and crosshair.
 - E.P. 2:** Located in the center-left, marked with a black circle and crosshair.
 - E.P. 15:** Located in the upper right, marked with a black circle and crosshair.
 - E.P. 18:** Located in the center-right, marked with a black circle and crosshair.
 - E.P. 19:** Located in the center, marked with a black circle and crosshair.
- Contour Lines:** Brown lines representing elevation contours, with values ranging from 8.4 to 15.0 meters.
- Scale Bar:** Located in the bottom left, showing a distance of 25 meters.
- North Arrow:** Located in the top left, pointing towards the top of the map.
- Coordinates:** The map includes a coordinate grid with values ranging from 18550m to 28450m Easting and 18500m to 284400m Northing.
